¹Turnover rate includes all separations except retirements.

²The FY 2003 figure includes those who were eligible to retire coming into the year and are still on board, plus those who become eligible during the year. Employees throughout the 5-year period were counted as retirement eligible only once – as eligible under optional retirement, or early out retirement.

³A “Y” indicates that one or both genders are under represented. Acronyms used are as follows: AA - African American; AAPI - Asian American Pacific Islander; AI - American Indian; H - Hispanic; and F - Female.
